A truly international company. Our worldwide presence has always been one of our biggest assets and our subsidiaries account for approximately 1/3 of the group's total bookings. Eurocopter has 24 subsidiaries and participations and a large network of distributors, certified agents and maintenance centres on the five continents.

Expanding our international business with a clear focus on the emerging markets is one of our main strategic objectives. Most recently, we have reinforced our international footprint by major cooperation programmes with China, South Korea and the USA. Hence, we are focused on international profiles and we intend to increase their numbers from 11% in 2006 to 30% in 2010.
